

SMILE BIG, BITE STRONG.

YOUR **ULTIMATE GUIDE TO DENTAL IMPLANTS**

BROUGHT TO YOU BY CHOSEN IMPLANT STUDIO

WHAT ARE IMPLANTS?

Think of dental implants as the superheroes of the tooth world!

These tiny titanium wonders are surgically placed into your jawbone, acting as rock-solid foundations for replacement teeth.

IMPLANTS VS. DENTURES

Unlike dentures, which can slip and slide like a bad dance move, implants stay put, giving you the confidence to eat, talk, and laugh without worry.

Plus, they help keep your jawbone strong and healthy—talk about a win-win!

TYPES OF DENTAL IMPLANTS

Single-Tooth Implants

Lost one tooth? No problem!

This implant replaces a single missing tooth, blending seamlessly with your natural smile.

Say goodbye to gaps and hello to confidence!

All-on-4 Implants

Four implants = a full set of teeth! It's like a magic trick for your mouth.

Ideal for those missing most (or all) of their teeth.

Minimally invasive and speedy recovery—you'll be back to enjoying your favorite foods in no time!

All-on-6 Implants

Like All-on-4, but with two extra implants for added stability.

Best suited for those with a bit more bone density.

More support = stronger, longer-lasting smiles!

All-on-8 Implants

Eight implants per arch for maximum durability!

The powerhouse option for those who want the ultimate in strength and function.

If you love biting into a crunchy apple, this one's for you!

WHY DENTAL IMPLANTS?

Confident Smile, Happy Jaw

No bone loss = a youthful, strong facial structure. Show off that dazzling, permanent smile!

Ultimate Comfort

No more denture adhesives or slipping mishaps.
